

HELP FOR HEROES

Hello, my name is Bryanna Harmon, I'm a 10th grade STEM student at Robert E. Lee high school. I've always had an interest in helping troops but have never had the opportunity to put it into action until now. With the help of Summer of Service (SOS), I'm able to do so.

Starting November 1, there will be multiple donation stations around San Antonio where you can donate items.

My mission is to provide soldiers overseas with comfort items, and various non-perishable foods such as Slim Jims, Crackers, gum, Chocolate. Etc. I want to help the community give back to the ones who keep us safe and free. *Please see the complete list on the reverse side of this page.*

While my dad was stationed in Korea, he got a letter thanking him for his service. He said that it meant a lot to him and he kept it hung on the wall of his room throughout the duration of his deployment. So even something as small as a letter will help.

With the help of various peers I have been able to get donation boxes, posters, donation stations, and raise awareness for this project. I have managed to get a lot of work done.

I am asking for your help too. If you can donate money, items or write a letter, SOSers will put together care packages to send to our troops overseas. We can't do it without your help, but if everyone contributes something, I know we can make it happen!

Sincerely,

Bryanna
